José,

I am writing to confirm our conversation yesterday concerning an upcoming site visit at the PROTECO Site scheduled for April 12 and 13, 2021. As we discussed, the site visit will involve installation of signage and potentially site security measures at existing access points.

We appreciate your client's continuing consent to allow EPA to access your client's property pursuant to the May 7, 2018 access consent form.

I will let you know of any updates or additional details as they become available.

Many thanks,

Andrea
